TRAVELLER™

Science-Fiction Adventure in the Far Future

Martian Game Modules

Your customers will want the NEW role-playing game aids from Martian Game Modules!

GM 1 - T.H.E. NON-PLAYER CHARACTER. A system to breathe life into the non-player figures in your labyrinths or towns. A unique system that works with any role-playing game, whether it's fantasy, science fiction, or Old West.

GM 2 - T.H.E. FIGHTER. A combat system that offers more individual actions for your characters. Comes with map board for arena combat and a guide to allow players to incorporate its rules into whatever role-playing system they're currently using.

Soon to be released are more modules - including T.H.E. MAGE, a magic combat system compatible with T.H.E. FIGHTER, and T.H.E. PENITENT-IARY, a programmed adventure combining all the MARTIAN GAME MODULE systems into one programmed adventure . . . and more.
