We at Ral Partha are celebrating our Twentieth Birthday. For two decades we have striven to create the finest detail in both the sculpting and casting of miniatures. We have had the honor to produce miniatures for award winning games and to receive praise for our challenging models and dioramas. This year, our Twentieth Anniversary, is no exception.

In 1994, we introduced the **Advanced Dungeons & Dragons®** Personalities line, presenting some of your favorite heroes and villains. This line of miniatures has been well received and we are happy to say there is much more in the works, including brand new figures for the **Dragonlance®** Saga. For any who have delved into **Planescape™** and are as excited about this campaign setting as we are, look for the Powers of Chaos and the Powers of Law boxed sets to be released in the spring of 1995. In keeping with demand, an array of monsters and player characters for **Planescape™**, **Ravenloft®** and **Forgotten Realms®** will be arriving at stores monthly.

Likewise, **Battletech®** miniatures will continue to ship to the front where they are desperately needed. We have made high goals for ourselves to help insure you get more of the finest mechs this year than we have ever provided before. Look for mechs like the Bushwacker from the animated series to arrive at your game store soon!

For the fantastic future, Ral Partha will continue to support the sprawl of **Shadowrun®**. Player characters, personalities and monsters all lurk in the shadows of 1995's future.

In White Wolf's ever expanding **Worlds of Darkness™**, Ral Partha is proud to provide the miniatures for **Vampire: The Masquerade™**, **Werewolf: The Apocalypse™** and **Mage: The Ascension™**. Throughout 1995, we will introduce some exciting new concepts for using miniatures in storytelling, whether at the safety of the kitchen table or stalking the lonely night.

Ral Partha's new "**Encounters of the Imagination**" will continue to expand offering challenges for any adventuring party. Also, Paint, Paint and more Paint. Check out the center spread for the hottest new colors.

And there is so much more! Give the 1995 catalog a browse and celebrate with us. We want to thank you, our loyal customer, for your inspiration and support. We are sure 1995 and the twenty years thereafter will be even more fantastic!

Be sure to use a grease-cutting dishwashing detergent to clean figures before you primer them. This will help the primer, paint and glue stick better by removing powder, dust and grease from the figure's surface.

## RP HOBBY HINT #2

An important step in painting a miniature is priming the figure. Primer creates a more conducive surface for painting than bare metal. This will help your paint-job endure the ravages of time. Whether using Partha spray or brush-on primer always apply in a thin coat, let dry and apply again until the figure is sufficiently covered. This will form a better base as well as prevent the primer from obscuring the detail of your figure.

Ral Partha offers both white and black primers. This color choice is for your personal preference.

## RP HOBBY HINT #3

The old adage "Take care of your tools and your tools will take care of you," is corny but true. Extend the life of your Ral Partha paint brushes by cleaning them in warm soapy water after each use. While the bristles are still wet, form them into a point with your fingertips.
