1987 Photographic Compendium

INTRODUCTION

Due to the overwhelming number of requests, we have produced a photographic compendium of all **Grenadier** products available at press time. Note that in some instances numbers are out of sequence due to photographic availability, and space and size requirements. Periodically we will update this compendium so that you will have a complete pictorial record.

In the coming year **Grenadier** will continue to bring you the most exciting, innovative, and artistically superior products in adventure gaming miniatures. An all new series, **Dragon Lords's Encounters**, will feature scenarios by Donald Wellman. Grenadier will also produce a single figure blister series, **Julie Guthrie's Fantasy Personalities**. Julie is one of the leading miniature sculptors in America today. Also, we will have our usual bag of surprises and we may just have a blockbuster or two!!

As is our custom, we at **Grenadier** would once again like to thank you our customers, who continue to support our efforts. In the coming year we will redouble our efforts to bring you the finest product and service in the industry.

MONSTER MANUSCRIPT™

The most unique and innovative figure series available. Twelve "volumes" containing over 100 of the most popular and creative creatures ever developed for fantasy gaming, keyed to a Monster Manuscript book. The book is a complete gaming aid in itself, containing artwork, story lines, monster statistics, and painting guides for over 100 creatures. The book has 36 pages, full color stiff paper covers, and a six dollar value, and are FREE with the purchase of figure set volume no. 1.

DRAGON LORDS™

The heart of the Grenadier fantasy gaming family. The second generation of Dragon Lords™ miniatures set the standard for quality, detail, and concept for adventure gaming metal miniatures. Since 1983, the year that the Dragon Lords™ metal figure line was initiated, the best selling miniatures in the country, every year, has been under the Dragon Lords logo.

DRAGON OF THE MONTH™

Speaking of best sellers, start with the word "BLACK", twenty four words later come up with "ULTIMATE", add "DRAGON" behind each one, and you have the metal figure series par excellence. Grenadier's Dragon of the Month series I & II not only extended the horizons of design and craftsmanship but astounded our customers, vendors, and our competition by the incredible value.

GIANTS CLUB™

Grenadier put these magnificent mega-men and ladies of the Giants Club squarely on the adventure gaming map. A series of ten boxes, each containing one or more giants, some with accessories, and all with a stela. Story line, gaming statistics, a map of the giants environs, and coloring suggestions are included on the backsheet of the box.

BATTLE LORDS™

Grenadier's exciting BATTLE LORDS series offers the gamer and collector the opportunity to create impressive fantasy armies, limited only by one's own imagination. Create the fantasy army you want to command. Join the proud ranks of the BATTLE LORDS.

FANTASY LORDS™

Quite possibly our fastest growing miniatures line, Grenadier's FANTASY LORDS® series was the recipient of the Strategists' Club Award for Best Fantasy Miniatures Series at both the 1983 and 1984 Gen-Con gaming conventions. Take a look and you'll see why this series is so representative of the spectacular new directions Grenadier is exploring in fantasy miniatures.

Discover magical, new fantasy races like our Winged Folk and our Dragon Men. Ally yourself with new adventurer characters like Monks, Knights, Thieves, Ninja, and Samurai Warriors. Then, test your mettle against Orcs, Goblins, Chaotic Creatures, Giants, and the dreaded Undead Legion! The fantasy world of Grenadier is filled with excitement and wonder. Join the adventure with FANTASY LORDS Boxes and FANTASY LORDS and SHAPES OF THE DARK DOMAIN™ blister packs.

MASTERPIECE EDITIONS™

The series title says it all, these are masterpieces. Unique and unusual subject matter, extra-ordinary craftsmanship, these high-quality miniature kits are specially designed with the advanced modeler in mind. Masterpiece Editions are useful for gaming, collecting or creating impressive dioramas.

LORD OF THE RINGS™

Middle Earth — Legendary realm of Wizards and Hobbits, danger and wonder, shining heroism and dark evil. Experience J.R.R. Tolkien's magical world with Grenadier's new LORD OF THE RINGS MIDDLE EARTH™ miniature series. Authorized for use with I.C.E.'s MIDDLE EARTH™ ROLE PLAYING game, these incredibly detailed figures faithfully capture the true spirit of Tolkien's fantasy world. These figures are also compatible with many other fantasy role-playing games. Adventure in the greatest fantasy of all. Journey to MIDDLE EARTH™.

D.C.™ HEROES

Now you can fight crime in the streets of Gotham, or protect the entire universe.

Your imagination is the playing field in D.C. Heroes. Recreate your favorite characters' exploits, design your own heroes and scenarios, or join in new adventures.

Enter the world where legends live: The World of D.C. Heroes!

CHAMPIONS™

Venture forth to do battle with supervillians bent on world domination. Welcome to the no-holds-barred world of comic-book superheroes. These dazzling miniatures are designed for use with Hero Games best-selling CHAMPIONS™ rules. Whether you're a gamer, comics fan, or (hopefully) both, these miniatures are for you!

CALL OF CTHULHU™

Designed for use with CALL OF CTHULHU™. Chaosium's 1920s horror role-playing game, these incredibly detailed miniatures won the H.G. Wells Award for Best Fantasy Miniatures Series at ORIGINS '84. Grenadier's CALL OF CTHULHU™ miniatures are also useful with pulp-adventure games as well as other horror-oriented games like CHILL™.

CHILL™

Do you enjoy poking around in haunted houses and musty mausoleums? Does the idea of being a vampire hunter appeal to you? If the answer to either of these questions is yes, then Pacesetter's CHILL™ role-playing game is for you. Now you can enhance your spine-chilling adventures Into The Unknown with Grenadier's official CHILL™ miniatures. They are terrifyingly realistic, so much so that you might be inclined to leave all of the lights on when you are around them. Be a real ghostbuster. Start your collection of CHILL miniatures today.

SECRET AGENTS™

As the nations of the world struggle for security and domination, they engage in a continuous, secret war of espionage and sabotage. With the help of Grenadier Models, one can become a part of this shadow conflict. Mystery, intrigue and adventure await you.

Grenadier's SECRET AGENTS™ figure line will add a new dimension to the role-playing experience. This series of 25mm miniatures is suitable for use with any espionage or contemporary role playing system.

TRAVELLER®

Travel among the stars at warp speed with our fascinating TRAVELLER® collection. Created for use with GDW's popular science fiction role-playing game, TRAVELLER® miniatures will transport you to fantastic worlds of mystery and adventure.

PARANOIA™

Grenadier presents an exciting line of adventure gaming miniatures licensed for use with West End Game's highly successful game.

Paranoia is an adventure role-playing game set in a darkly humorous future. A well meaning but deranged computer desperately protects the citizens of an underground warren from all sorts of real and imagined traitors and enemies.

TWILIGHT: 2000™

TWILIGHT: 2000™ is unique in the field of role-playing games. It's set in a post-holocaust environment, but the characters are modern soldiers thrown onto their own resources by the gradual breakdown of the command structure and civilization. GRENADIER created "Mini-force Twilight troops" created in H0 scale to enable the gamer to utilize the vast array of scale model railroading buildings, accessories, and military vehicles. In this scale, a post-holocaust town or battleground is an inexpensive setting to battle the foe.

WARBOTS™

This is another first for Grenadier. These cybernetic behemoths are for anyone who is a fan of those incredibly-popular Japanese robots. Add some excitement to your favorite science fiction or superhero game with some of these technological titans. They're also great for just collecting.

MONSTER MANUSCRIPT™

The Monster Manuscript collection will consist of 12 figure sets. The Monster Manuscript book with over 100 creature stats, descriptions and illustrations is FREE with the purchase of set 1.

BATTLE LORDS™ FANTASY ARMIES

Dawn reupts in crimson glory upon the field of battle, casting a near-prophetic hue of ruddy light upon land which will soon be stained with blood. The warriors of the opposing armies wait with uneasy anticipation, gripping weapons in iron-strong hands and whispering prayers through clenched teeth.

With a strident blast from a trumpet and the hoarse note of a mingled battle cry, the armies surge forward and the battle is joined, granting opportunity for glory, honor, and favor of the Higher Powers. Such are the rewards available to those who would bear the honorable title of BATTLE LORDS.

DRAGON LORDS™

Attention to the finest detail, imaginative animation and unsurpassed creative design has made Grenadier the adventure gamers first choice around the world. Dragon Lords™ is the most comprehensive and exciting line of fantasy figures available. Dragon Lords can recreate all the myriad worlds of fantasy - the only limit is one's imagination.
