JULIE GUTHRIE'S *Fantasy Personalities*

FANTASY WARRIORS

GRENADIER'S Fantasy Warriors fantasy battle game is a complete game set including over 100 beautifully detailed miniatures.

AND you can also use miniatures from the rest of GRENADIER'S vast range of fantasy miniatures.

What more could you want?

GRENADIER — bringing fantasy battles to life.

An impressive group of Undead command figures — inspiring and terrifying.

Above are some of Bob's Undead with Two Handed Weapons. Supplied in packs of five, these are going to be prominent in most Undead armies.

FANTASY WARRIORS™

A GAME OF FANTASY BATTLES

Designed By Nick Lund; Figures By Mark Coplestone

WITH 102 PLASTIC FIGURES

Nick Lund's Goblin War Gaint — probably the most awesome fantasy miniature ever sculpted and a truly formidable fighter in Fantasy Warriors battle games.

More horrors from the bone brigade. Bob Naismith has made miniature Undead that are really frightening.

Mark Coplestone is setting the standards for miniatures design in the 90's. Here are two sets: **1414** Fighting Men Champions supported by **1413** Wood Elf Eagle Rider — outstanding.
